Knowledge of Russian legal language is an additional preference in your career!

Dear friends!

**Kutafin Moscow State Law Academy – leader of Russian legal education
invites you**

It's not a secret that a role of business structures and political institutions of Russia in the world society is increasing year by year. You have a unique possibility to become a specialist in the sphere of Russian and international jurisprudence and successfully use your knowledge at any point of the world.

We offer you studies at the following institutes of our Academy:

- Institute of private international law
- Institute of jurisprudence
- Institute of advocacy
- Institute of banking law
- Institute of forensic expertise
- Institute of additional professional education
- Institute of target education

Additional Russian legal language course (450 hours) will allow you to master academic program and in future to negotiate with your partners in Russian language.

Bachelorship, mastership, doctorship, scientific training – all these are steps of your professional growth!

If you have already higher education, then second, legal, can be received with us!

Apart of it, we teach lawyers and specialists of adjacent branches – after you master one of our programs of professional development and re-training at the institute of additional education, you will be able to work easy with Russian jurisprudence.

A good stage of your carrier - to widen your life prospects by getting knowledge at the best law academy of Russia!
